

Master the Audit of Occupational Health and Safety Management System (OHSMS) based on ISO 45001

..and Be a Professional Lead Auditor!!!

Aim High Career Goals...

PECB

ISO 45001 Lead Auditor

WHY SHOULD YOU ATTEND?

- ISO 45001 is the first global Occupational Health and Safety Management System standard that replaces OHSAS 18001. The ISO 45001 Lead Auditor training enables you to develop the necessary expertise to perform an Occupational Health and Safety Management System (OH&S MS) audit by applying widely recognized audit principles, procedures and techniques. During this training course, you will acquire the knowledge and skills to plan and carry out internal and external audits in compliance with ISO 19011 and ISO/IEC 17021-1 certification process.
- Based on practical exercises, you will be able to master audit techniques and become competent to manage an audit program, audit team, communication with customers, and conflict resolution.
After acquiring the necessary expertise to perform this audit, you can sit for the exam and apply for a “PECB Certified ISO 45001 Lead Auditor” credential. By holding a PECB Lead Auditor Certificate, you will demonstrate that you have the capabilities and competencies to audit organizations based on best practices.

If you are passionate about the field and want to develop skills needed to prove your competency in the role, this program will help you get there.

Course Outline

ISO 45001 Lead Auditor

Overview

ISO 45001 is a professional certification that boosts organization's reputation by demonstrating that it carries a certified Occupational Health and Safety Management System. An effective Occupational Health and Safety Management System promotes a safe and healthy working environment by providing a framework that allows your organization to identify and control its OHSMS, and improve the overall performance.

Learning Outcomes:

Upon completion of this course, you should be able to:

- Understand the operations of an Occupational Health and Safety Management System (OH&S MS) based on ISO 45001.
- Acknowledge the correlation between ISO 45001 and other standards and regulatory frameworks.
- Understand the auditor's role in planning, leading and following-up on a management system audit in accordance with ISO 19011
- Learn how to interpret the requirements of ISO 45001 in the context of an OH&S MS audit.
